

CALL FOR PAPERS

21st International Conference on Composite Materials
August 2017 Xi'an China
www.iccm21.org

ICCM

ICCM21 will be held on August 20-25, 2017, in Xi'an, China, which is organized by the Chinese Society for Composite Materials. International Conference on Composite Materials (ICCM), the highest-level and most prestigious conference in the field of composite materials, is held biannually in different countries all over the world, including Jeju Island, Korea (2011), Montreal, Canada (2013) and Copenhagen, Denmark (2015).

The overall theme for ICCM21 is "Advanced Composites: Innovation and Development" which reflects that innovation plays a very important role in promoting the development of composite materials and economy. The conference program includes plenary lectures, oral and poster presentations, exhibitions and various social programs for over 2,000 participants from around the world.

The organizing committee welcomes every expert in the field of composite materials to submit abstracts.
